

# VISIT USA- HEALTH CARE™ INSURANCE

***Doctor and hospital costs  
are very expensive in the  
United States.***

***If you are sick or injured  
during your visit...***

***...how will you pay?***

## ***Yes, it can happen to you.***

Every year, thousands of international visitors to the United States require emergency medical treatment, hospitalization or medical evacuation to their home country.

Most health care facilities in the United States are privately owned and medical care is very expensive.

Hospital costs can average \$2,000 per day, and a major illness or injury could cost you as much as \$100,000. Medical evacuation to your home country is also costly. For example, U.S. to Asia can easily cost \$90,000.

You will also have to pay for your medical care at the time of treatment unless you have health care insurance coverage acceptable in the United States.

## ***“But I already have health insurance.”***

Your present health coverage may not pay for medical expenses in the United States.

Travel insurance issued in a foreign country may not be accepted by doctors and hospitals in the United States or be able to arrange direct claims payment.

## ***An inexpensive solution!***

**VISIT USA-HEALTHCARE™** is designed for foreign nationals while in the United States, and is available for up to 12 months. It provides excellent illness and accident expense protection at a low cost.

**VISIT USA-HEALTHCARE™** will help you find a doctor or hospital and pay for treatment. You pay the deductible and coinsurance.

After you pay the deductible per policy period and 20 percent of the first \$5,000 covered medical expenses per incident, the insurance covers 100 percent of most other health care costs (see Brief Outline of Coverages for details).

With **VISIT USA-HEALTHCARE™** insurance, the possibility of a large, unexpected medical expense or even being denied medical attention can be avoided.

## ***Two Visit USA-HealthCare™ Plans***

Depending on your needs, you can choose from two insurance plans to protect you. The plans differ in their benefit limits. Each plan offers a choice of deductibles.

## Brief Outline of Coverages

This is a descriptive brochure, not a Policy. Upon receipt of your Certificate of Insurance, please read it carefully as it will describe the provisions of the Master Policy which will prevail. Your benefit limits depend upon your choice of coverage Plan A or Plan B, plus your purchase of the Optional Benefits.

### **Medical Expense\* A: \$50,000 / B: \$100,000 per incident No Per Policy Maximum Limit**

If Injury or Illness occurs during the Period of Coverage and you, your insured spouse or dependent children require medical or surgical treatment, the policy will pay, after you pay the selected deductible per period of coverage, 80 percent of all reasonable and customary charges per incident for Covered Expenses up to \$5000, then 100 percent up to the maximum amount applicable to the insurance plan selected. \*The Medical Expense Benefit Limit is reduced to \$10,000 for Insureds who are ages 80+ on the effective date.

#### **Covered Expenses**

- 1) Charges made by a hospital for room and board, floor nursing and other services, including charges for professional services and with the exception of personal services of a non-medical nature; provided, however, that expenses do not exceed the hospital's average charge for semiprivate room and board accommodation.
- 2) Charges made for diagnosis, treatment and surgery by a physician.
- 3) Charges made for the cost and administration of anesthetics.
- 4) Charges for medication, x-ray services, laboratory tests and services, the use of radium and radioactive isotopes, oxygen, blood transfusions, iron lungs, and medical treatment.
- 5) Charges for physiotherapy, if recommended by a physician for the treatment of a specific disablement and administered by a licensed physiotherapist.
- 6) Dressings, drugs and medicines that can only be obtained upon a written prescription of a physician or surgeon.

Illness must be contracted and manifest itself, or Injury must occur, during the Period of Coverage. The first expense must be incurred within 30 days of the commencement of covered Injury or Illness. Benefit period is 26 weeks. However, all benefits will cease when an insured person arrives in his home country from the United States, or from Incidental Travel (14 days maximum) to Canada, Mexico, or U.S. territories.

### **Emergency Medical Evacuation Expense A: \$50,000 / B: \$100,000**

If Injury or Illness commencing during the Period of Coverage requires emergency evacuation to either the nearest medical facility where appropriate medical treatment can be obtained, or to the Country of Residence, all expenses incurred are covered up to the maximum benefit selected. An emergency evacuation must be recommended by a legally licensed physician who certifies that the severity of Injury or Illness necessitates such emergency evacuation and agreed to by you or your representative. Arrangements must be made by AIGAssist.

### **Accidental Death & Dismemberment (AD&D) A: \$50,000 / B: \$100,000**

If an Injury occurs during your Period of Coverage and results in one of the following losses within 365 days after an accident, the Policy will pay as follows: *Loss of Life - A: \$50,000 / B: \$100,000; Loss of two Members - A: \$50,000 / B: \$100,000; Loss of one Member - A: \$25,000 / B: \$50,000*

Regarding this Included coverage, "Member" means hand, foot or eye. Only one amount, the largest to which you are entitled, will be paid for all losses resulting from one accident.

### **Repatriation of Remains Expenses A: \$10,000 / B: \$20,000**

If Injury or Illness commencing during the Period of Coverage results in death, all reasonable expenses incurred for preparation and return of the remains to the Country of Residence will be paid up to the maximum selected. Arrangements must be made by AIGAssist.

### **Family Travel Benefit A: \$10,000 / B: \$10,000**

- 1) When covered Emergency Medical Evacuation is necessary and the attending physician considers it beneficial for the Insured Person to have a family member join him, the company will pay for the family member's economy fare travel and lodging (maximum \$5,000).
- 2) When covered hospitalization of the Insured Person causes accompanying minor child(ren) to be unattended, the Company will pay up to the one way economy fare (maximum \$5,000) less the applied value of the child's/children's unused travel tickets to their country of origin.

### **Emergency Travelers Assistance**

- 24-hour verification of medical coverage for hospitals and physicians
- 24-hour medical care location service • Medical case monitoring, arranging communication between patient, family, physicians, employer, consulate or embassy • Emergency medical transportation arrangements • Emergency message service for medical situations
- Multilingual services • 24-hour contact for legal emergencies • Legal referral, to help you locate a consular official or attorney

### **Optional Benefit: Additional Accidental Death & Dismemberment Flight Only AD&D - \$250,000 and AD&D - \$100,000**

This optional benefit may be purchased in addition to Basic Plan A or Plan B. If the optional benefit is selected and the premium paid in advance of the Period of Coverage, the policy will pay, **in addition to Basic Plan limits**, as follows:

**Flight Only AD&D** In the event injury is sustained while riding as a fare paying passenger on a scheduled airline: *Loss of Life - \$250,000; Loss of two Members - \$250,000; Loss of one Member - \$125,000.*

Regarding this Optional coverage, "Member" means hand, foot or eye. Only one amount, the largest to which you are entitled, will be paid for all losses resulting from one accident.
